

## Game Changes

Once schedules are posted, clubs will have seven (7) calendar days to review and make game changes (**for head coach conflicts only**) for the upcoming season, without penalty. CSA does require that clubs work together in these seven (7) days to alleviate coaching conflicts for the season. This only applies to a coach that is the head coach of more than one team in a CSA sanctioned league. This is the only approved reason for a game change in these seven (7) days. If both clubs agree to move the game, and it is not scheduled to a new date within the seven (7) days, then CSA will schedule the game on the last available Saturday or Sunday, and that game will not be allowed to be rescheduled again.

Clubs/coaches have seven (7) days from when the Centennial League Bronze division and the 2002 secondary league schedules are released to review for coaching conflicts. If there are coaching conflicts between the Secondary League or Centennial Bronze division teams with teams in the Colorado Champions League or the other Centennial divisions, then the Secondary League or Centennial Bronze division teams will be the games moved. Games will not change in the Colorado Champions League or other Centennial divisions.

Clubs/teams are not obligated to move games when a club/team asks for a game change that falls outside the approved parameters listed in CSA Rules and Polices. CSA does not approve or authorize game changes for spring break, fall break, prom, homecoming etc.

CSA will TBD – SC/PC Semi Final and Final match weekend league games. All other league matches to be played. Approved changes must be made by Wednesday, 2pm of the week prior to the weekend of play. A \$100 fee will be assessed (team will pay fee) at the time of any game change request being submitted outside the seven (7) day window. The \$100 fee will be distributed as follows:

- Referee Assignor fee (10%)
- CSA Admin charge (10%)
- Scholarship/Mentor program (80%)
