

TEAM FUNDRAISING

The following information serves as a supplement to page 16 & 17 of the Club Handbook. While the protocol below is specific to fundraising done by individual teams and players, the information relates to all fundraising, including Bingo, King Soopers/Safeway and Scrips, etc.

Team fundraisers are allowed in order to help offset the team expenses. The information below applies ANY TIME that the Storm name, and/or the club's tax identification number, is used.

- Team fundraisers should be offered to all players on a team; players are not required to participate
- Team treasurers should notify the Director of Finance (mburgeson@coloradostorm.com) any time that the club's name or tax ID # is used
- Due to contractual terms, the Storm logo should NOT be printed on shirts, hats, etc for team fundraisers

Funds raised through fundraising are credited at the team level on tax free basis. Therefore, money cannot be paid directly to families by the Treasurer and all money must run through the team bank accounts. All funds raised through team fundraising should be kept in the team account and used to pay for allowable soccer expenses as listed below.

Money earned from team fundraising can be used for the following items:

- Storm Registration Fees
- Storm Camp Fees
- Sanctioned Tournament Fees
- Chaperone Travel expense
 - Parent travel is only reimbursable if the parent is serving as the team Chaperone.
- Storm Coach Travel Expenses
- Storm Uniforms
- Storm Team Fees – e.g., indoor space, referees, etc.

When possible, the team treasurer should allocate money directly from a player account to cover allowable expenses. However, families are allowed to provide original receipts to treasurers and ask for reimbursement of Storm related soccer expenses listed above. Treasurers should keep these receipts as part of the team files. Storm reserves the right to audit these receipts upon request.

It is also important to note that if a player leaves the club for any reason, money raised through team fundraising that remains in the player's account, and is not reimbursed based on the criteria above, will stay with the club.
